MaxiGOBO 80

MaxiGOBO 80

Brighter Performance, Same Compact Design

The **MaxiGOBO 80** combines the compact design and simplicity of the MG-60 with enhanced light output, delivering brighter, more visible projections for medium-scale applications.

Featuring a single full-color gobo, selectable beam angles from 10° to 60°, and optional DMX512 control, the **MG-80** ensures reliable performance in a lightweight, easy-to-install body.

With its IP65-rated aluminum housing and high-efficiency 80W LED engine, this projector is ideal for logos, signage, and decorative lighting in both indoor and outdoor environments.

Powerful, compact, and versatile — the **MaxiGOBO 80** is the smart choice for permanent installations, shopfronts, themed attractions, and architectural projects that demand quality and impact.

MaxiGOBO 80

Specifications
