MaxiELITE Large Globe

Static 3000K

Key Features

- IP68
- IK07 (Impact resistance)
- 5 year Warranty
- 24V Low voltage
- 3000K
- 150+ Globes on a single power source
- 90 CRI (Color Render Index)
- Available in Clear Lens
- Operating temperatures -40°C to +50°C

Description

MaxiELITE Strands deliver long runs of globe-lensed LEDs to outline buildings and bridges or link architectural features, with a high 90 CRI (Color Render Index) for accurate, natural light. Designed for permanent installations, each strand features injection-molded polycarbonate globes, heavy-gauge cabling, and sealed LED modules.

Large Globe – Static Colors (64 mm) provides uniform illumination across trees, landscapes, buildings, and bridges, with a high 90 CRI for superior color fidelity. Operating at 24 V, the system is IP68 and IK07 rated, backed by a 5-year warranty, and supports 150+ globes per power supply making it ideal for long, continuous festoon runs with minimal infrastructure and consistent, high-quality ambience.
