MaxiLED Large Globe Random Colour Change

Key Features

- IP68
- IK07 (Impact resistance)
- 5 year Warranty
- 24V Low voltage
- 200+ Globes on a single power source
- Random Colour Change
- Available in Clear and Matt Lens

Description

The MaxiLED Globe Series - Large Globe Random Colour Change delivers playful, self-animating colour along trees, landscapes, buildings and bridges without any programming. Each 64 mm globe uses dependable LEDs inside a rugged, injection-moulded polycarbonate housing with heavy-gauge cabling for true permanent use. Operating on safe 24V low voltage, the system is rated IP68 / IK07, carries a 5-year warranty, and allows 200+ globes from a single power source to create long, continuous festoon runs with minimal infrastructure - perfect for dynamic, always-moving ambience.
